- To begin or end Equal Pay, please call our office at (715) 627-4351

How it works:

How the Equal Pay amounts are calculated:

Your annual estimated gas use is divided by ten to reach the Equal Pay amount. Equal Pay was previously known as "Level Billing."

Why divide by ten when there are twelve months in a year?

Since all amounts are based on estimates, we do not include June and July as a precaution. If our estimates are correct, customers have these two months to enjoy little to no payments or build up their credit. If the estimates are off, customers have these two months to pay the remaining balance before moving into the next year of Equal Pay.

Equal Pay must be started with the August bill.
